WORKBOOK TEMPLATE

Project Name:

Odisha Government Schemes Portal

1. Problem Statement

Odisha has many government schemes for students, farmers, women, senior citizens and other citizens. People may not know about scheme benefits, eligibility, documents and application information. The portal provides scheme information in one simple place.

2. Why Does the Problem Exist?

- Lack of proper information
- Information is scattered
- Difficult search
- Lack of eligibility knowledge
- Lack of document information
- Limited awareness
- Manual enquiry

3. Internal Stakeholders

- Portal Administrator – manages schemes and users.
- Department Officer – manages department scheme information.
- System Administrator/Developer – maintains website and database.

4. External Stakeholders

- Citizens – search and view schemes.
- Students – find education schemes.
- Farmers – find agriculture schemes.
- Women/Senior Citizens – find welfare schemes.
- Government Departments – provide scheme information.

5. Expected System Users

- Administrator
- Citizen/User
- Department Officer

WORKBOOK – OBJECTIVES & OUTPUTS

6. Objectives of the Project

- Develop an online Odisha Government Schemes Portal.
- Allow citizens to search schemes easily.
- Provide benefits, eligibility and required documents.
- Provide category-wise and department-wise information.
- Reduce confusion and time spent searching.

7. Expected Outputs

- Scheme information
- Online scheme search
- Scheme details and eligibility
- Required documents
- Benefits and application information
- Admin dashboard
- Scheme records and reports

8. Hands-on Activity

- Collect Odisha Government scheme information.
- Identify scheme categories.
- Collect eligibility, benefits and document details.
- Design website interface.
- Create search and viewing workflow.
- Design database tables for users, schemes, departments and categories.
